

RESILIENT + SUSTAINABLE

Infrastructure System Overview

Water

The City of Pleasant Hill is a total service customer of Des Moines Water Works (DMWW) regional utility. DMWW provides the billing for water, sewer, solid waste, recycling and stormwater for the community.

Des Moines Water Works has provided meter reading, billing, payment processing and general customer service to Pleasant Hill residents since 1999. Des Moines Water Works also maintains the Pleasant Hill's water distribution system.

Figure 9.3 shows the current system.

Des Moines Water Works (DMWW) is developing a long-term system plan to address resiliency and capacity.
